

GBT GREENER BLAST TECHNOLOGIES

Greener Blast Advantage:

Greener Blast Technologies, Inc. provides a top tier, job-site ready piece of blasting and coating removal equipment. Years of on the job experience and testing allowed us to create a unit that performs at or above the level of “old school” dry blasting. It fits perfectly into any blasters tool box. The Greener Blast machine simply works!

- 80-90% less media consumption (150Lbs per hour on an aggressive blast)
- Minimal dust
- Minimal containment needed
- Versatility of jobs
- Ability to handle numerous blast materials
- Portability
- Unmatched customer support

The Greener Blast Package:
